LONDON, Nov. 25.—Al-  
lied forces in Tunisia moved  
steadily forward today to  
take up battle positions for  
the decisive engagement to  
determine the fate of North  
Africa.

Advancing under a sur-  
ging tide of increased aerial  
activity, American, British and  
French troops marched to a point approximately 24  
miles from Tunis, the capital,  
while units of the British  
First Army in the north  
coastal area shortened the  
gap between them and the  
naval base of Bizerte.

The forward-moving columns en-  
deavored to maintain contact when-  
ever possible with advanced Ger-  
man and Italian patrols in an effort  
to destroy them and prevent  
their escape. In every clash report-

### War Fund Workers Are Jubilant With Goal Now In Sight

There's a warm glow of satisfaction permeating most of the citizens of New Castle and the surrounding townships today. It's a glow that comes from a job that is being well handled and looks to be a sure-fire winner, the job of raising \$90,000 for nine local institutions and eight national war organizations.

Yesterday at noon the total of the drive was announced at \$82,891, following the reporting of the finest piece of co-operation seen here in years among the men and women who man the industries of the city. With that amount pledged, the executive committee raised its sights a little and is now looking at \$100,000 through rose-colored glasses.

President's Proclamation  
For Day Of Prayer

Both Thanksgiving Day and New Year's Day have been proclaimed as days of prayer by the president of the United States. The general public has been asked to join in the various Thanksgiving services to be held throughout the nation.

In the city of New Castle, the Ministerial Association has planned a schedule of union Thanksgiving Day services for local churches to be held as follows:

South Side Churches—Central Christian church, Thursday morning at 10:45 o'clock. Rev. Charles J. Burton, pastor of St. Andrew's Episcopal church, who leaves December 1 for Buffalo, N. Y., will be the preacher. Rev. F. P. Sulmonetti of the Italian Methodist church will give the invocation; Rev. Sidney K. Bliss of the host church will read scripture; Rev. James Iley, D.D., of Maitland Memorial Primitive Methodist church will read the president's proclamation, and Rev. Thomas J. Jones of the First Congregational church will offer the morning prayer.

Pritchard Named  
To Alderman Post

Former Sheriff Appointed To  
Vacancy Caused By Death  
Of Alderman Ewing

By appointment of Governor Arthur H. James, former Sheriff Edward D. Pritchard was today named alderman of the second ward to succeed the late Alderman Wallace J. Ewing.

The appointment is good until the first Monday in January, 1944. An election to fill the post will be held in November 1943. The new alderman will be sworn in as soon as his commission arrives from Harrisburg and he posts his bond.

Mr. Pritchard served as sheriff of Lawrence County from January 1934 to January 1938. After leaving the sheriff's office he entered the real estate and bond business and for some time has had his office on East street across from city hall. His 10 years of experience as sheriff will serve him in good stead as an alderman. The probabilities are that he will be sworn in some time early next week.

"I don't know of any action going on at the moment," said Admiral Nimitz, who would know.

The Japanese report reached London via the Vichy radio.

Admiral Nimitz said American forces on Guadalcanal Island were steadily improving their positions and pushing back Japanese invaders from the vital Henderson airfield.

Success which has attended the War Fund and Community Chest campaign this year, as revealed by the reports at the second gathering on Tuesday, when total of over \$82,000 in the drive for \$90,000 was reported, is a new record for this city in a drive of this nature. Workers are enthused over the results, and the response of the people of the community is most commendable. It is indicated that, at the next report, the campaign will go over the top and probably considerably in excess of the amount sought.

No Naval Battle  
Under Way Now

(International News Service)

NOV. 25.—Japanese claims that a violent and decisive naval battle was under way in the southwest Pacific were denied today by Admiral Chester W. Nimitz, commander-in-chief of the Pacific fleet.

"I don't know of any action going on at the moment," said Admiral Nimitz, who would know.

The Japanese report reached London via the Vichy radio.

Admiral Nimitz said American forces on Guadalcanal Island were steadily improving their positions and pushing back Japanese invaders from the vital Henderson airfield.

# British In Close Russian Cooperation

## Secretary Eden Speaks To House

Makes Clear That Entire Hitler Regime In Germany Must Go

### DeGAULLE RADIO PLAN DISCUSSED

(International News Service)

LONDON, Nov. 25.—The British will give close military cooperation to Russian forces now battering the Germans at Stalingrad, Foreign Secretary Anthony Eden told the house of commons today.

Eden's statement was made during discussion of what measures the Allies intended to take after the war to prevent the Nazi party from retaining a voice in the German government.

Major Thomas L. Dugdale, conservative, asked the foreign secretary whether the United Nations proposed to prevent political power in Germany from remaining in the hands of men and women actively associated with Nazism after the war.

#### Regime Must Go

"It has already been made clear," Eden said, "that the major purpose of our policy toward Germany after the war will not be attainable as long as the present German regime continues."

The action His Majesty's government propose to ensure the removal of that regime is the defeat of Germany by force of arms."

Then he declared that the British government "will give the closest military cooperation with the heavy blows now being struck against the Germans at Stalingrad."

Referring to charges that a scheduled radio address by Gen. Charles DeGaulle, leader of the fighting French, had been suppressed, Eden said that the broadcast had been postponed because Prime Minister Winston Churchill "did not think delivery at this particular time would be helpful to the extremely tense and serious operations pro-ceeding in Tunisia."

#### No Time For Controversy

Discussion of the controversial subject about the temporary naming of Admiral Jean Francois Darlan as administrator for North Africa by American Lieut. Gen. Dwight D. Eisenhower, Eden said, "might hamper responsible commanders or make the task of troops more difficult."

This is not the time," the foreign secretary continued, "to discuss arrangements between Gen. Eisenhower and the local French. The battle is in an extremely critical phase."

In a joint undertaking such as exists in North Africa one has to be particularly careful not to undo anything which might give an ally ground for complaint that common difficulties are being aggravated...

"The First British Army, strongly supported by United States forces, are making their way eastward over enormous distances with the utmost possible speed and they are greatly

helped in their advance by the favorable attitude of the population and also the vigorous resistance French troops in Tunisia are offering the German and Italian invaders.

I do not want to exaggerate the character of De Gaulle's broadcast and still less attribute to it any intention.

"There will be time to go into all matters when the battles have been won."

this bottle-neck has been strongly fortified by the forces of Nazi Field Marshal Erwin Rommel.

Whether he had sufficient strength to attempt a stand was still uncertain. Middle East command headquarters at Cairo made no report on the result of air observation over the area.

Fighter bombers of the Allied air command ranged over the desert in search of stragglers of the once powerful Afrika Korp. The retreating enemy forces have lost most of their tanks and much of their motor transport.

Long range allied bombers shot down two large German planes flying north off the eastern coast of Tunisia.

The important supply port of Benghazi was completely wrecked by Allied bombing raids before the British vanguard occupied the town Saturday. Port installations were demolished, and it was clear that Rommel had been unable to get supplies there for weeks.

Wise, chairman of the World Jewish Congress, left the prediction today that the German dictator plans to exterminate all of Europe's 4,000,000 Jews in the few remaining weeks of 1942.

NEW DELHI, Nov. 25.—Royal Air Force bombers last night carried out a second consecutive aerial attack against the Japanese airdrome at Melkilia, Central Burma, it was officially announced today.

A number of "good fires" were started when bombs were dropped on the main runway and in dis-persal areas, the communiqué said.

LONDON, Nov. 25.—The Soviet newspaper Izvestia, an Exchange Telegraph Company dispatch said today, disclosed that the great Red Army offensive at Stalingrad was conceived by Premier Joseph Stalin and now is being conducted under his guidance.

LONDON, Nov. 25.—The London Evening Standard today revived a recent head report that Jacques Doriot, French Nazi leader, has died following a severe beating-up administered on November 21 by French patriots.

The German radio broadcast a recorded speech by Doriot.

NEW YORK, Nov. 25.—Two hundred Yugoslavs were killed and 500 were taken prisoner when Yugoslav patriots routed two Italian battalions near Ljublia, in the western Bosnia iron mining district, the British radio said today, quoting the Soviet information bureau. The broadcast was heard by CBS.

beyond our fondest hopes. The men in the foundries and the factories, the men on the railroads and in the shops, all of them took this job as a personal responsibility, and they discharged that responsibility.

"As general chairman of the drive I can only say thanks, and it seems so inadequate. The drive is not over yet, but with victory so close at hand I feel confident that we will achieve it yet. The battle is not yet won, there is still a lot of work to do, and I know what is to be done will be done."

Judge Lamoree also paid his compliments to the team workers who have done such valiant work.

"Theirs is the drudgery of tramping pavements, ringing doorbells and doing the hard work. They have done it cheerfully and willingly, and I know they will continue to do so. On next Tuesday night when the Victory Dinner will be held in The Castleton, these workers will come into their own, for when the victory is announced, as it is certain to be announced, the team workers, the industrial workers and all the rest of the group responsible for the drive can sit back and know that it is through their effort that we have come through."

### SOVIET ARMIES BREAK THROUGH GERMAN LINES

(Continued From Page One)

neighing hungrily. Abandoned dugouts were found packed with pillows, quilts, feather-beds and cooking-pots looted from the Soviet populace.

#### Red Army on Offensive

As the red army seized the initiative on other fronts stretching as far north as Leningrad, the German radio admitted the shattering of Nazi lines at Stalingrad and acknowledged the break-through in the Rzhev sector.

German casualties already are incalculable. But military experts in Moscow estimated that Hitler already has lost 100,000 men killed, wounded or taken prisoner since the gigantic drive to smash the Stalingrad siege got under way.

The Communist party newspaper Pravda was ecstatic in praise of the Stalingrad achievement.

"There are many heroic signs of red army victories as our offensive goes on successfully," the paper said. "The enemy's encircling ring is broken. Complete liberation of Stalingrad is due soon."

#### Enemy Retreating

The enemy is retreating with heavy losses. The fields are covered with thousands of enemy corpses. Thousands of prisoners are being taken. The enemy's communications and his unity of command are broken. Three divisions with their generals and headquarters have been captured. Ammunition and arms were taken. A full arsenal is in our possession.

"All the people are grateful to the defenders of the Fatherland." Stalin expressed this feeling when he applied for collective awards to the defenders of Odessa, Sebastopol, Leningrad, Stalingrad and Moscow. Glory to them!

The enemy was surprised by the red army's perfect fighting ability and discipline. We all owe a debt of gratitude to the defenders of Stalingrad, the only ones responsible for stopping the enemy, regardless of the scientific German mechanized force.

"The defense of these cities is an example of new modes of fighting. The Hitlerites were accustomed to easy surrender, but here they learned that each city is a natural living fortress."

#### Relief Army Arrives

Inspired by the successful drive of the relief army which smashed its way into the city from the north to lift the siege of Stalingrad, the heroic Soviet defenders surged forward to recapture vital points in both the northern and southern suburbs.

The defending garrison was electrified by the news that the relief army had crashed into the city's outskirts.

"Our army has got through," was shouted through Soviet positions with the effect of a clarion call to strike back at the enemy. The message spread rapidly through the Soviet trenches and from machine-guns nests to every defense post in the battle-ravaged city.

The snow-covered Don steppes were littered with the bodies of thousands of German and Rumanian dead and everywhere north and south of Stalingrad the Axis troops were fleeing in disorder seeking a way to escape from the gigantic red army onslaught which already has had some 80,000 enemy troops.

But everywhere they fled, field dispatches said, the Germans and Rumanians ran into Soviet fire.

In many instances the enemy had no time to destroy valuable stores which were seized by the Russians. One red army unit captured intact one of the largest fuel dumps the Germans had established in the Don elbow. Seizure of the dump replenished the Russian tanks to re-enforce their supplies on the spot.

In the factory area of northern Stalingrad, where Soviet defense forces were joined by red army units driving down along the Volga from the north, the Russians pounded the Germans severely in offensive operations.

#### Mrs. Jones Services

Private funeral services for Rose Marie Saad, 402 Waldo street, were held at the Noga funeral home, East Long avenue, Tuesday afternoon at 2 o'clock at the residence. Dr. J. Ralph Neale, pastor of the New Wilmington United Presbyterian church, officiated.

Interment was in Oakland cemetery, Sharon.

#### Mrs. Woloszyn Funeral

Solemn requiem high mass for Mrs. Agnes Anna Woloszyn, R. D. 1, Wampum, was celebrated Tuesday morning at 9:30 o'clock in St. Monica's church, Wampum, with Rev. Edmund F. Rowan as celebrant, Rev. Fr. V. V. Stanczewski as deacon and Rev. Fr. Vincent O'Donnell as sub-deacon.

Pallbearers were Edward Kosier, Raymond Modlenski, Jacob Sonki, Vincinty Pavloski, John Sauga and Joseph Drozdzal.

Interment was in St. Joseph's cemetery, New Castle.

#### Capitolio Services

Requiem high mass for Joseph A. Capitolo, 129 North Mercer street, was celebrated this morning at 9 o'clock in St. Vitus church with Rev. Fr. Nicholas DeMita as celebrant.

Pallbearers were Frank Sargent, Arnold Barnsley, Fred Nicklin and Michael Sopkovich, members of Veterans of Foreign Wars Post No. 315, George Kovacs of Aviation Metalsmith school, Naval Pier, Chicago, and Edward Capitolo, nephew of the deceased.

Rev. Fr. Albert M. Inteso conducted the committal service at the grave in St. Vitus cemetery.

Arnold Barnsley, chaplain, conducted military services for the post, assisted by Frank Sargent.

MUSIC CLUB PROGRAM  
GIVEN TUESDAY NIGHT

A program of unusual merit was presented at Tuesday night's meeting of the Music club in Highland United Presbyterian church, in charge of Mrs. L. Paul Friend, hostess. She gave an instructive talk on "Oratorio" as the opening feature.

Preceding the program, Mrs. Paul Welsh read a number of current events, concerning the world of music.

The numbers given last evening came under the title of "Oratorio and the Classical Masters" and were received by an appreciative and enthusiastic audience. Those taking part, performed with much skill and superb expression.

Miss Dorothy Patch sang a group of Brahms numbers, and Mrs. W. J. Caldwell gave two Oratorio arias from Handel and Haydn. Mrs. H. W. Helmick sang from Toselli and the Bell Telephone company tendered her a farewell in the form of a luncheon.

A tasty menu was served to guests numbering a hundred and twenty. During this procedure, the honoree was presented with a handsome gift of luggage and a purse of money by Mrs. Clara Molesworth, in behalf of those who participated. Miss Kison, taken completely by surprise by the affair, responded with sincere appreciation.

Miss Kison, an enlistee in the WAAC's, will leave here during the week-end with her mother, Mrs. Josephine Kison, for Pittsburgh where she will report, and on Sunday, will depart for her training center at Des Moines, Iowa.

## THANKSGIVING

THE season of Thanksgiving marks a holiday in the United States which has become honored by our earliest traditions, dating back as it does to the coming of the Pilgrim fathers.

Perhaps many of us will believe that we have less to be thankful for than usual this year. We are being sorely tried. Many thousands of our finest young men are absent from home on the ocean, the battlefield, or in the training camp. The citizen back home has been restricted and is facing more drastic regulation.

We bear all of this because we are aware that we are engaged in a deadly struggle for survival by a struggle with a totalitarian enemy, as cruel and capable as has ever been known in this grim world of ours.

Yet we do have cause for giving thanks. We are still living in a free country where a loyal citizen may speak his mind, where free elections are still held and the results are accepted by the losers without resort to violence.

We still have enough to eat and a place where we may lay our heads when night comes. Compared with most peoples of the earth we are still living in what amounts to luxury. Congressman Beckworth of Texas, recently read into the Congressional Record a brief essay on "War Thanksgiving," written by Hubert M. Harrison, a citizen of his state. Mr. Harrison expresses the 1942 Thanksgiving theme so well that we are reproducing it in the hope that our readers will take time to peruse it:

"As we approach another Thanksgiving season, at not more than 35 miles an hour, and take stock of our blessings in the midst of war's grim restrictions upon our privileges, we recall that Thanksgiving Day began in a time of hardship for Americans. They had come from the strife and hate and persecution of Europe to a new, clean land of liberty. They were thankful for simple things—for food, clothing and shelter on strange shore. They had not yet dreamed of the streamlined, air-conditioned, de luxe service modern Americans demand.

"We should be thankful for the chance to show whether or not we have the same kind of courage that our ancestors had and to prove that we dare to give up some of our privileges in order to preserve our liberty.

"We are thankful for a return to neighborliness and for a new appreciation of simpler blessings like the splendor of a free sunrise, the feel of the good soil of our farms, the smell of pine trees, the sparkling jewels of dew on roses, the glory of gay colors in an east Texas autumn landscape, the priceless arias of songbirds, a vine trained by loving hands above a doorway, the sweet tones of a church bell in a quiet country place.

"We are thankful for the glad laughter of school children not yet taught to fear a master or to hate a stranger; for decent, honest, ordinary little people who love their land and have a part in its progress for the chance to serve and give for a country that has done so much for us; for the challenging opportunity to help build a better new world and for our American way of life which with God's help we will not let perish from this earth."

## MOMENTUM

Everything indicates that America and Britain are maneuvering their forces in North Africa for a quick assault on remaining Axis bases designed to be overwhelming.

There can be no other conclusion when powerful armies, supplemented by ample air and sea forces, begin closing in upon an objective from all directions. That is what the British-American divisions are doing in Tunisia and in the approaches to Rommel's last haven—Tripoli.

Alfred success—achieved and impending—in North Africa, coupled with the successful launching of a winter counter-offensive by the Russians, puts Hitler on a precarious spot. The noose is tightening and the outlook for the Fuehrer is dark.

During previous reverses Rommel has always fallen back toward Axis reinforcements ferried across from Sicily to Tripoli. This time he hopes for the same result. But the American columns cutting across southern Tunisia to Tripoli will intercept anything the Axis may have there, drive in behind Rommel's army and so catch it between two fires. The columns converging upon Bizerte, Tunis and Tripoli will cancel the remaining Axis military resources in North Africa.

Probably the most valuable asset of the Allies in North Africa today is momentum. They enveloped and possessed French Morocco and Algiers with elation that set a new high for this war. Wasting no time, they pushed on rapidly to take positions that would checkmate the Axis in its maneuvers to save Tunisia and the remnants of Rommel's army. There is every reason to expect that the nutcrackers the Allies are getting in position at Bizerte, Tunis and Tripoli will operate with the same dispatch.

To what point will this momentum carry America and Britain when North Africa is cleaned up? Judging by Hitler's panic in rushing troops to Greece, Italy and the Spanish border, he has become desperate in his fears that the Allied drive will thrust right on across the Mediterranean and into Europe for a final show-down.

## The Parent Problem

By Garry C. Myers, Ph. D.

### SUBDING FEAR OF DOCTOR, DENTIST

SOME CHILDREN of school age are in mortal dread of the doctor and dentist, especially of the latter. Because of this fear the teeth of some children are woefully neglected. Sometimes, alas, this fear began because the child during his early years was threatened with the doctor or dentist as a means of disciplining him. A few parents otherwise intelligent have done such stupid things.

More often the fear has developed because some older person has dropped an unguarded remark about pain in connection with the doctor or dentist, or the child has been frightened by some unfortunate experience in the doctor's or dentist's office.

### How Mother Can Help

The wise parents takes the infant to her doctor at regular intervals and continues to do so during his childhood. Most doctors know how to win the child's confidence; so do most dentists. They have little trouble in doing so when the mother is calm and tactful with the child.

When your child in his early years is being vaccinated against smallpox or inoculated against diphtheria, be sure you betray no emotion. If he is two or three, give him an attractive new toy right after the ordeal whether he has cried or not. Do likewise in respect to his dental care.

### First Trip to Dentist

Take your child to the dentist at the age of two or earlier and at regular intervals of four or six months thereafter. Let the first trip be limited to his getting acquainted with the dentist and seeing his tools and machinery. Perhaps the dentist might, on the first trip, have the tot sit in the chair, carefully examining his teeth, making sure to give him no pain. On later trips the parent will do well to leave the child with the dentist and go shopping and return with a new toy when the child is ready to go home.

### Win Confidence

In case some fear has already developed, ask the dentist to make a social call at your home in order to win the child's confidence.

You would not, of course, expect the doctor or dentist to give his time without due compensation.

Assure him that you expect to pay him at his regular rates in proportion to the time he spends on your child.

My special bulletin on fear may be had without cost to you by writing me at 235 East 45th St., New York City, enclosing a self-addressed envelope with a three-cent stamp on it.

### Solving Parent Problems

I enclose a self-addressed envelope with a three-cent stamp on it and hope you can answer me soon.

A. I begged her not to trust to trials and forced confessions but to try to follow the suggestions in the special bulletin I enclosed on "Honesty and Truthfulness."

**The World and the Mud Puddles**

In the twelve months ended with July the output of manufacturers increased fifteen per cent, according to figures of the Federal Reserve Board. Over the same period, as shown by reports of the Bureau of Labor Statistics, man-hours of work by labor employed in the manufacturing industries increased almost twenty-four per cent. In other words, there was a considerable decline in output per hour per worker.

These statistics lend obvious support to unofficial reports from many industries that the production of labor has been declining. There are many unavoidable reasons for this, including the following:

1. As compared with a year ago, an increased proportion of total manufacturing is represented by high-precision items. Many types of war items require more man-hours of labor per unit of production than would be required for a proportionate physical output of non-war goods.

2. Labor turn-over is extraordinarily high, due partly to the draft which means less experience and skill for the average worker in the average job.

3. In some industries notably machine tools, long hours of work result in sufficient chronic fatigue to reduce work efficiency.

4. In many plants the supervisory forces have been stretched very thin over much enlarged labor forces, which tends to reduce productivity per worker.

5. Many managements, as well as workers, have had to learn in a very short time how to produce things in which they had had no experience whatever.

When it is remembered that this nation did not shake down to an all-out war effort until after Pearl Harbor, which was only last December, the production record—including productivity per worker—gives no cause for either dismay or criticism. It has been amazingly good.

War Labor Board machinery is erected is the non-strike-no-lockout agreement for the duration of the war.

If and when that agreement ends, the foundation will be withdrawn and it will be necessary, in my judgment, to abandon the structure; perhaps with the erection of new machinery on the basis of a new agreement.

### THANKSGIVING DATES?

Why should we wait for one day in the year  
To express thanks for blessings on our list?

With such an interval, it would appear,  
One becomes a procrastinationist.

Each day at sunrise and when day is done,  
Should be the time for an acknowledgement.

We are more apt to not miss, even one,  
When promptly paid through this accomplishment.

With yearly intervals of time between,  
Thanksgiving dates, which now are in dispute.

There are some things we may forget,  
If, on the other days, we become mutine.

When we express our thanks and pay our bills,  
Promptly on time, we avoid many ills.

Here's to all who know how to growl—and don't.

Service is the rent we pay for the space we occupy.

"Do you know?" said the grocer pompously. "I started in life as a barefoot boy?" "Well," said the clerk, "I wasn't born with shoes on either."

The idea is advanced that central Europe should be chopped up into a lot of small areas, to be parcelled out to rulership by governments like the Scandinavians, the Balkans and the Near Easterners—a comparatively decent, peaceable bunch that might be trusted on into perpetuity.

Yet nobody really believes that this solution would fill the bill indefinitely. It generally is agreed that the Teutons would reorganize themselves ultimately and assume the warpath.

They are a virile and cohesive aggregation. It was supposed they were smashed at the end of 1918, and now look at them!

Democratic statesmanship does not say much about this post-war prospect, but it will have to worry about it at the later peace table.

All Caucasians.

There's this thought, to recognize as a quality of European-American statesmanship: warfare and diplomacy. Racially, to a certain extent, they understand one another. They are all Caucasians.

Two New York stage shows that have been condemned by the clergy as being too filthy for words are not only selling out, but you can't buy tickets for four weeks from now.

"One of our more expensive magazines has recently been asked by the post office authorities kindly to learn the difference between art and smut and, unless they put some clothes on their pictures, to keep out of the mails.

The circulation of that magazine had been soaring steadily. But as soon as Uncle Sam became the chaperone and the magazine got respectable, off dropped the readers and with them the profits.

I went to one of the above-mentioned shows the other evening for research purposes only, of course. I expected to see the theater filled with reprehensible characters.

But, what do you think I found? Ladies and gentlemen in evening dress, respectable suburbs, business and professional men and their wives, colonels, commanders, sergeants and privates.

The curtain went up. There was a draft, but the ladies of the chorus didn't seem to mind it.

Then the comedians. The dirtier the jokes, the louder the laughs. The strip-tease came on. The more she stripped, the longer the applause.

# Over 500 Pupils Enjoy Turkey Dinner For 25 Cents

Ben Franklin junior high school pupils had an opportunity Tuesday said "paved enough". Mrs. Taylor said to have a Thanksgiving dinner—and we mean a turkey dinner with all the trimmings — for twenty-five cents in the school cafeteria and 518 of them ate the day's special down in short order during the three school lunch periods.

This is what the boys and girls got for their quarter—a generous serving of turkey and dressing mashed potatoes and gravy, cranberry sauce, celery, and a bottle of milk. Five hundred of those who had the dinners topped it off with ice cream at 5 cents extra, thus getting a super-duper holiday feast for 30¢. Other extras on the menu were pumpkin pie, cranberry salad, cole slaw, fruit, and several vegetables at a nickel portion. Total sales for the lunch hour were \$157.82.

To speed up serving, trays weren't used—plates were filled in the kitchen and handed out in double-quick time.

All the work of preparing the dinner was done by two cooks, under the supervision of Mrs. Rachel D. Taylor, schools cafeteria manager with the assistance of eight helpers. They cooked and prepared 135 pounds of turkey, 200 pounds of potatoes, three cases of cranberries, 40 loaves of bread, and four dozen bunches of celery.

Demand for the dinner had been carefully calculated beforehand, so that there would be sure to be plenty. "Thank goodness we pre-

pared enough", Mrs. Taylor said "it would have been terrible if we'd run out." The only change made was when a celery shortage developed, late-comers got pickle instead.

On December 9, George Washington junior high school students will be served a turkey dinner, and on December 16, senior high school pupils.

In commenting on the number of meals the city school cafeterias serve, Mrs. Taylor said that if cafeteria servings may be taken as a barometer of parents' pocketbooks, cafeteria receipts are running 32¢ over last year.

## Dean Kelso Will Speak In New York

Westminster Official To Be Heard By Eastern Association Of College Deans Saturday

(Special To The News)

NEW WILMINGTON, Nov. 25.—Dean Maxwell R. Kelso of Westminster college will be one of the main speakers at the 14th annual meeting of the Eastern Association of College Deans to be held in New York City this Saturday, November 28.

Dean Kelso will speak on "Changing Social Programs" at the afternoon session in the Hotel New Yorker. General theme for the association's meeting will be "College Morale in War Time".

The sessions of the association of deans will be held in conjunction with the 56th annual convention of the Middle States Association of Colleges and Secondary Schools which begins Friday morning, November 27.

Dean Kelso will leave the campus Thursday for New York.

SUE HARVARD TO  
SING DECEMBER 10

Bundles for America has a very unusual and delightful announcement for New Castle friends, which concerns Sue Harvard, internationally known soprano. She is planning to make her contribution, not in the shape of bundles or a piece of furniture, but instead giving an evening's enjoyment through her interpretation of some of our simple sacred gospel hymns and religious and patriotic songs. She feels that in this war torn world of ours we can derive much comfort and benefit by spending an evening listening to this type of music.

The date is Thursday evening, December 10, the place the First Christian church, the accompanist Kathryn Nessie Allen. Everybody is invited; no admission charged, instead a free will offering will be taken.

## O. G. Card Club

## Assails Plan For Rationing Of Gasoline

By WILLIAM THEIS  
(L. N. S. Staff Correspondent)

WASHINGTON, Nov. 25.—In a slashing assault on the OPA and nation-wide gasoline rationing, Rep. Hatton Sumners (D., Tex.) today charged that "it looks like the same bug that bit Hitler has been biting some people in this country."

Appearing before the House interstate commerce sub-committee on petroleum, Sumners, who heads the bloc of congressmen battling to postpone the nation-wide program, said:

"It is a most dangerous thing to turn loose another bureaucracy on the American people. You can't maintain a people who are rocked to sleep and bottle fed by a government dominated by bureaucrats. If this OPA was doing an efficient job, it might be different. But I resent their efforts to impose their superior wisdom on free born American citizens by trying to tell them how to run their own business."

When you see the American people willing to tackle the job of preserving their own rubber, ought they have another bureaucracy put on their backs?"

## Tifereth Israel Services Friday

Late Friday Evening Services  
Commence At Tifereth  
Israel Synagogue

Officers of the Tifereth Israel congregation will conduct the late Friday evening services this week at the synagogue. The late Friday services for the season started last Friday evening with the A. Z. A. chapter—the youth organization of the B'nai B'rith being in charge of the services.

President of the congregation, Maurice Samuels will lead in the responsive readings and also give an address on Thanksgiving.

Rabbi Gilbert A. Elefant will give a short sermon on "Greatful Giving."

Edward Haynes, secretary, will conduct closing prayers, and the Kississ—sanctification services will be given by the Hebrew school student, Joseph J. Schwartz, followed by the hymn welcoming the Sabbath day.

## Buy Christmas Trees Early Is Warning Given

(International News Service)  
WASHINGTON, Nov. 25.—If American housewives want Christmas trees on their hearths this December 25, they had better buy them early.

Commerce Department officials today forecast a definite shortage of trees this year. The dearth will be due in part to labor and transportation scarcities and in part to the unprecedented demand for trees, department experts said.

Production will probably fall considerably below that of 1941, when the nation used about 15,000,000 trees. However, millions of trees will be available, and early tree shoppers will get evergreens.

## Lengthy Sentence Given Panhandler

Mayor Charles B. Mayne today made it plain that he isn't a bluffer or given to idle words. To elucidate further when he says he will do a thing he does it.

For instance, several days ago a "Jim Harlan," Brookfield, O., appeared in police court and was put in the panhandler category.

"Next time you are in here, it's the workhouse," His Honor warned.

Said Harlan was in front of His Honor this morning and what did the mayor say?

"Five months and 29 days in the Allegheny County workhouse. No one will panhandle here and get away with it."

## CAMP RUN

Y. P. C. U. SOCIAL  
Members of the Y. P. C. U. of the U. P. church met last Thursday evening at the home of A. G. West with 33 in attendance. The executive committee met with the vice president, Ade Wagner, in charge, and the rest of the evening was spent socially. Refreshing lunch was served by Mrs. Herbert Sturgeon, Mrs. Harold Steffler and Mary West.

## Enon Valley Physician Leaves Thursday For Air Corps Duties At Miami Beach

Dr. Charles F. Kissinger, a well-known physician of Enon Valley for the past 10 years, received his commission as captain in the U. S. Army Air Force, and is leaving Thursday morning, for duty at Miami Beach, Fla.

Captain Kissinger enlisted for army service on September 12, at Patterson Field, near Dayton, O.

On Tuesday evening, men of the Enon Valley community, gathered at the community building, for a stag party, honoring Captain Kissinger.

Dr. Paris A. Shoff, principal speaker of the evening, spoke highly of Captain Kissinger and his excellent work and cooperation during his service at Enon Valley.

Dr. Nathan Ginsburg, also made appropriate remarks. Captain Kissinger received a useful gift from the people of the community, showing the high regard of which he is held in Enon Valley.

Mrs. Kissinger will remain in Enon Valley for the present time, and may join Captain Kissinger at Miami Beach, in the near future.

## Home Survey Plans Are Made

### Women Meet For First In- structions At Court House On Tuesday

About 65 women were in attendance in the court house Tuesday afternoon when the preliminary instructions for the Home Survey to be held here December 1 were given by leaders of the Housing Committee. The survey is for the purpose of finding out how many homes in New Castle are available for conversion for apartments for war workers.

The women were the ward and precinct chairmen of the city under the direction of Mrs. George H. Bolinger as chairman and Mrs. S. D. Pearson as co-chairman. Dr. C. C. Green, chairman of the Citizens' Service Corps under whose supervision the survey is to be made, presided at the meeting and spoke.

Others who outlined the plan of service were Louis B. Round, executive director of the Lawrence County Council of Defense, Norman E. Clark, chairman of the Housing Committee, Ray G. Carruthers, director of the Housing Committee activities, Herber S. Kirk office manager of the Housing Committee, Mrs. Bolinger and Mrs. Pearson.

On Monday night, November 30, a mass meeting of all the workers who will participate in the survey will be held in the senior high school. At this time final instructions will be given and the survey will occur on Tuesday, December 1.

A number of citizens have either called at or phone the Housing Committee office at 21 South Mill street, telephone 3859, signifying their willingness to convert their homes for light housekeeping, small apartments or rooms for war workers. These are now being processed and the work of converting the homes will go on to find living quarters for 400 new families that will come into New Castle.

## No Registration Of Individuals Was Required

Sometimes people read a newspaper article and fail to understand it. It was so yesterday. An article appeared in the News saying that today was the last day for institutional users of coffee to register. This applied only to hotels, restaurants, cafes, clubs and the like. It had nothing to do with the use of coffee by individuals.

No registration for coffee is necessary as it will be rationed on the sugar ration books. Today a crowd of people appeared in the rationing office in the Aiken school wanting to register for coffee. It was entirely unnecessary.

### CHINESE SOMERSAULTS

A pretty little Chinese bird, the fork-tailed Titmouse, does a trick that no other bird is known to do. He turns somersaults. He throws his head back and over he goes, sitting upon his feet on the floor or on a perch. He will do it again and again, many times without tiring, as though he were enjoying it hugely.

**Youngstown Flier Takes Stroll In Palace Grounds**

(International News Service) NOV. 25.—Sergt. Kenneth McClure, Turret gunner on an American Boeing Flying Fortress, was back in camp today after a stroll through the grounds of Camp Hood, Texas.

Mrs. David G. Woodring, of 134 Fairmont avenue, has received word that her husband has been promoted from staff sergeant to technical sergeant.

Lieut. Norbert C. Schweikert, who received his flying wings at Ellington Field, Tex., on Nov. 10, has reported for duty at Greenville, S. C., after spending ten days at the home of his parents, Mr. and Mrs. Charles Schweikert, Bluff street.

Word has been received by Mr. and Mrs. Leo Verrino, of R. D. 7, Mahoningtown, that their son, Corporal Raymond Verrino, of Camp Blanding, Fla., has been promoted to sergeant.

Sgt. McClure, who was formerly on the staff of radio station WFMJ in Youngstown, Ohio, was on a week-end trip to London when he noted unusual activity at the Royal residence. King George was decorating members of the British armed services.

"The King looked fine," McClure said today. "He smiled and shook hands warmly with the men he was decorating."

Sgt. McClure's bomber, nicknamed the "Old Faithful" is resting up after a series of raids last week on the French coast. Commenting on the experience, Sgt. McClure said:

"We went through plenty of flak but suffered no serious damage. None of our crew was hit."

# That Extra Something!

...You can spot it every time

YOUR grocer is really a counselor on quality. When in doubt about brands, his "extra something" can guide your choice. Ask him what soft drink he has drunk recently. 6 out of 10 grocers will tell you, "Coca-Cola".

Every sip tells the story of quality in Coca-Cola. How delicious and distinctive is its taste. How only Coca-Cola itself offers this taste. How it goes beyond mere thirst-quenching. How it gives you a welcome feeling of refreshment. How 57 years of experience give it outstanding and unique goodness.

Your grocer knows that when you ask for Coca-Cola . . . or use its friendly abbreviation, Coke . . . you want the *real* thing. The only thing like Coca-Cola is Coca-Cola, itself.

Wartime limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coke, being first choice, sells out first. Ask for it each time. No matter how short the supply, the quality of Coca-Cola carries on.

# Fifty Two Will Gather At Turkey Dinner At Henry Home Thursday

Margaret L. Henry Home boys and girls will be eating turkey tomorrow for dinner through the generosity of Mr. and Mrs. Jack Ger-son, who will in turn be guests of honor for Thanksgiving dinner at the Home.

There will be 52 places set for dinner around the tables in the homelike dining-room on Friendship street, for besides the boys and girls living at the Margaret Henry Home now, two adult members of the family will be back with their families, one from Pleasantville Pa., and one from Pittsburgh.

For Mrs. Lida J. Green, head of the Home and 'Mum' to the children since Miss Henry's death, a holiday means the same extra bustle of preparation and the same looking forward to seeing scattered members of the family as it does to the mother of any large family. Except that 'Mum's' family is about ten times as large as most and with a wider range in ages.

## Twenty In Armed Forces

Mrs. Green, who has been at the home for the past 13 years, says that 20 of the Home boys she has

helped raise are in the armed forces. And she makes a point of writing each of them at least once a week. One of the boys is down at Walter Reed hospital now learning how to manipulate an iron lung single-handed. One of her girls, who is in training at the New Castle hospital, is anxious to finish the nursing course so she can enter the service.

As we were talking, Mrs. Green drew attention to a box nearby. It were a number of pairs of plaid homespun draperies which someone had given the Home. "People are good about sending us things," Mrs. Green explained, "and everything we get we find a use for. The children are always especially delighted when someone has had a party and has sandwiches left that they send us. The little children, especially, love sandwiches with a glass of milk."

"It keeps me thinking to plan meals for us—especially now that meat is almost out of the question."

(Margaret Henry Home shares in the proceeds of the United War Fund.)

## Collect Scrap On December Seventh

Governor James Asks Everyone To Give 10 Pounds To "Hurl Back At Japs"

(International News Service) HARRISBURG, Nov. 25.—Gov. Arthur H. James has called upon everyone to collect 10 pounds of scrap on December 7 to "hurl back at the Japs in the form of bombs and torpedoes".

The governor told Warren R. Roberts, state salvage chairman, to ask local salvage committees to "lay aside all less-important things and organize the new scrap drive as a concrete demonstration of Pennsylvania's zeal to avenge Pearl Harbor."

The 10 pounds per capita quota he estimated, would bring in 50,000 tons.

## MEN OF 18 AND 19

# ENLIST TODAY

## IN THE COAST ARTILLERY!

(HARBOR DEFENSE AND ANTI AIRCRAFT)

• How would you like to shoot the wing off a Junkers bomber—or watch a Zero come tumbling down in flames under your fire? Thousands of red-blooded young Americans are joining the Army's Coast Artillery Corps for that kind of thrilling action.

• Mobile antiaircraft batteries of the Coast Artillery not only guard our own country but go to every part of the world where the fighting is toughest. Armed with the deadliest guns, the most modern detecting and range-finding devices, their exciting job is to knock Axis planes out of the sky. Their slogan is "We keep 'em falling!" And

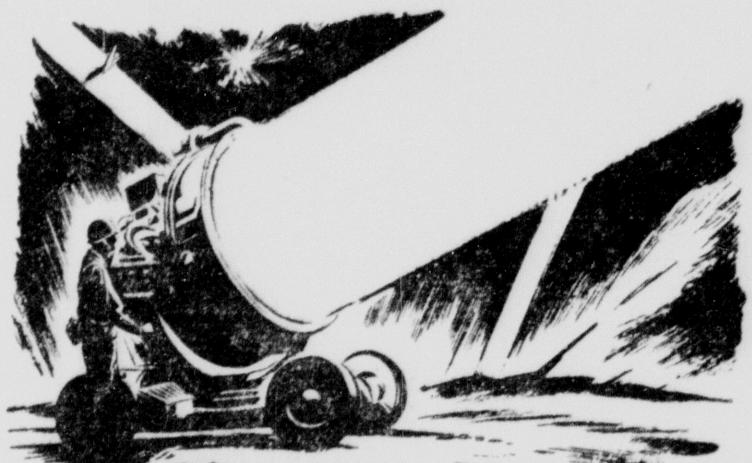

they're equipped to move fast, wherever attack threatens.

• Coast Artillery men operate giant searchlights to hunt down the night raiders. They use automatic weapons, so startling and so effective that they've made Hitler shake in his boots. They handle the big barrage balloons that form a spider web of defense about our vital areas.

• If you are 18 or 19 and want action, here's your chance! Today, while you still have the chance to choose, enlist in the Coast Artillery or one of the other branches of the service open to you. Get full information at the nearest Army Recruiting and Induction Station—now!

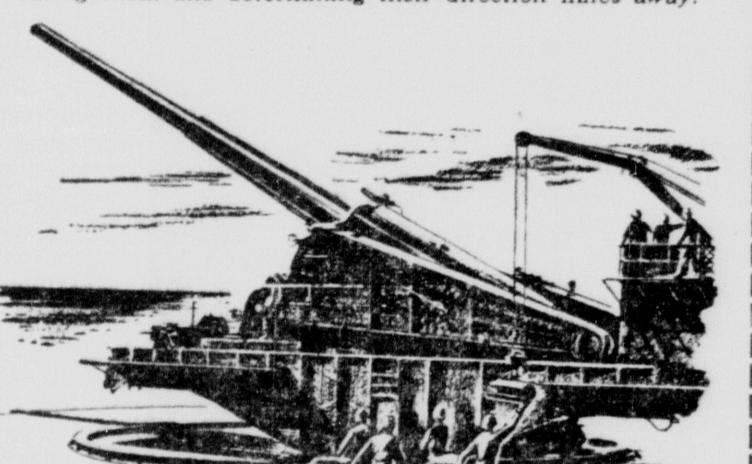

This automatic director puts anti-aircraft guns "on target." Like the secret detectors, so sensitive they can locate distant planes whether the motors are roaring or silent, these delicate machines take skilled handling.

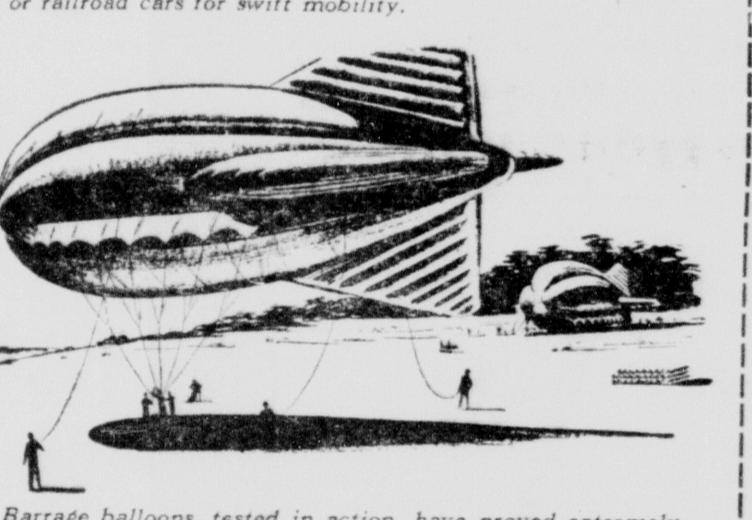

They call anti-aircraft searchlight crews the "Moonlight Cavalry." Traveling far and fast, their powerful beams are lancers of the dark, pinning enemy planes to the night sky—setting them up for the guns.

These big "ears" are the sound-scouts of the anti-aircraft units. They amplify the sound of approaching planes, locating them and determining their direction miles away.

The Coast Artillery is ready to blast hostile ships far at sea. Giant coast defense guns are of various types, some firing from fixed emplacements, others mounted on wheels or railroad cars for swift mobility.

Barrage balloons, tested in action, have proved extremely effective in keeping enemy aircraft away from target areas. They force the attacking planes to stay at high altitudes.

THERE'S ALSO PLENTY OF ACTION IN THESE U. S. ARMY BRANCHES:

**AIR FORCES**—Learn to fly and fight and keep 'em flying in one of more than 26 Air Force jobs.

Bombardiers, navigators, pilots, gunners, radio men and mechanics are needed. Train for a career in this fighting service.

**ARMORED FORCE**—Smash the enemy with a fast-moving, powerful team of tanks, combat cars, trucks, "jeeps," motorcycles.

There's thrilling action for gunners, drivers, radio men and mechanics in the Army's tough armored divisions.

**CAVALRY**—Whether you like to ride good horse or handle a fast armored car, motorcycle or truck, there's a place for you in the Cavalry's mobile striking force. The rougher the going the better the Cavalry likes it.

**CORPS OF ENGINEERS**—

fighting much of the time, you'll see a lot of action with the Engineers. Building bridges, roads, air-fields and tank-traps—planning camouflage—destroying enemy installations—are all in the day's work.

**FIELD ARTILLERY**—

Here's the outfit that smashes the enemy with a barrage of shell-fire, smashes his supply lines and his reserves. The guns roll fast behind speedy trucks and tractors. Plenty of action for daring drivers, gunners and mechanics.

**INFANTRY**—Moving 40 miles an hour in big trucks, skiing in snowy mountains, dropping from parachutes or flying into enemy territory, the Infantrists today's infantry is streamlined. Eleven different weapons give deadly power. Upon enlistment you may request assignment for tank-destroyer training.

**SIGNAL CORPS**—In the nerve center of the Army, Signal Corps men "get the message through." Radio, telephone and other means of swift communication are their tools. They work with "electronic eyes" and other secret weapons and get front-line action.

# Industrial Reports In War Fund Drive

Figures as a rule are uninteresting reading. But now and then a set of figures pops up that sparkle and we have such a set today. Below, you will read the contributions of the men and women of the industries in New Castle and the surrounding townships in the United War Fund drive.

Look them over and you'll see more than figures. You will see the answer of New Castle workers to the challenge of the United War Fund. You will see Americanism at work, you will see the reason why American workers and American service men are going to win this war.

Some of the totals are not complete but they make mighty fine reading as they are. Take a look.

### W. S. C. S. MEETS

Members of the Women's society of Christian Service of the Methodist church met at the home of Mrs. Robert Stowe Friday evening, with Mrs. Charles Kelley, associate hostess. Twenty members were present, and Mrs. Gaylord Cameron, president, took charge of the business meeting.

A social evening was enjoyed and a delicious lunch served by the hostesses and Mrs. Lawrence Mays. Mrs. J. F. Myers of New Castle was a guest.

Mrs. Walter Mitcheltree and Mrs. James Black will entertain the society in December.

### THANKSGIVING SERVICE

A union Thanksgiving service will be held at the Methodist church at 10 a. m. Thursday. The pastor, Rev. Paul E. Aley will conduct the service and Dr. Edgar Tait of the Presbyterian church will give the address. King's Chapel and Wesley Methodist of New Castle will attend this service.

### PULASKI NOTES

Mrs. William McCallister has been confined to her home for some time with illness.

Mr. and Mrs. James Black called on Mr. and Mrs. Chester C. Sweesy of New Castle recently.

# French Warships At Alexandria May Join Allied Cause

## Admiral Darlan May Win Leaders

Nine French Warships Immobilized At Alexandria Since Fall Of Nation

WASHINGTON HEARS ACTION IS LIKELY

By KINGSBURY SMITH

G. N. S. Staff Correspondent

WASHINGTON, Nov. 25.—Authoritative sources in Washington today foresaw the possibility that Admiral Jean Darlan, American approved administrator of French Africa, may soon be able to win over to the Allied cause nine French warships which have been immobilized in the Egyptian harbor of Alexandria since the fall of France.

Having swung Dakar to the Allied side, Admiral Darlan is now expected to turn his attention to the French naval squadron at Alexandria.

It is believed that he will soon get in touch with Rear Admiral Rene Godfroy, commander of that squadron.

Hope Of Success

With the Governor General of French West Africa and other French military commanders in North Africa having swung away from Vichy as a result of the German occupation of all France and to the American liberation of French Africa, it is thought that Darlan stands a good chance of persuading Admiral Godfroy to throw in his lot to the United Nations.

The British naval authorities in Alexandria also are believed to be in touch with Admiral Godfroy concerning the future of his squadron.

When the Axis forces of German Field Marshal Erwin Rommel were threatening Alexandria last July,

the American government sought to persuade Vichy France to order Admiral Godfroy's squadron to proceed to this side of the Atlantic.

Early Proposals Rejected

President Roosevelt first proposed that the French warships be sent to an American port, where he promised that they would be kept in trust for France until the end of the war. When the Vichy government rejected this proposal, the president then suggested that the warships be sent to the French colony of Martinique in the West Indies. Vichy also rejected this proposal, and insisted that the ships be permitted to return to a French Mediterranean port.

Fearful that the Germans might get control of the warships if they were sent to a French port, the United States and Great Britain refused the Vichy demand.

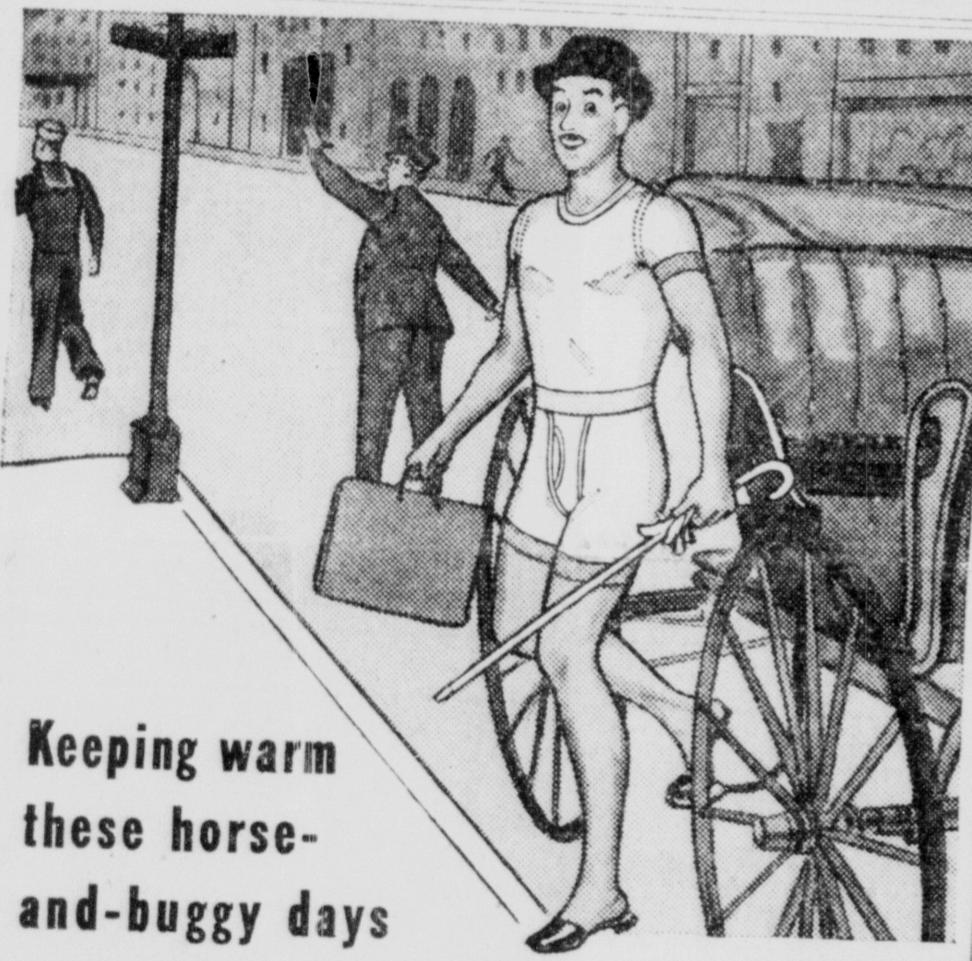

The American government warned Vichy at the time that the British might find it necessary to destroy the French warships if Rommel's forces should succeed in reaching Alexandria.

There the matter has rested. Now it is hoped Admiral Godfroy will join the other French military and naval commanders in Africa in placing themselves at the disposal of Admiral Darlan.

**Big Four Of Gas Rubber Rationing Will Be Quizzed**

WASHINGTON, Nov. 25.—Sen. Harry S. Truman (D.) Mo., chairman of the special committee investigating the war effort, announced today that the "big four" of rubber-gas rationing—Henderson Jeffers, Ikes and Eastman—will appear before his group Friday to state the case for their control program.

Truman disclosed that the four leaders have been subpoenaed to testify on the necessity for gasoline rationing to conserve rubber, as it appeared that further reductions may be made in petroleum supplies for the east coast.

Keeping warm these horse-and-buggy days

You haven't actually traded in your auto for a buggy. But you are out in the air more. And you'll be more comfortable if you change from Summer underwear to HANES WINTER SETS.

These middleweight garments are warm enough out-

doors without being too hot indoors. You'll like them especially if you're conserving fuel with a cooler house this Winter.

You also have the athletic support of the HANESKNIT Crotch-Guard. Conveniently placed opening. Flexible waistband.

### CHOOSE FROM THESE HANES WINTER SETS

Wear a short-sleeve or sleeveless shirt with mid-thigh shorts (shown above) or with ankle-length drawers (Figure A). Ask for HANES WINTER SETS for boys, too.

### HANES UNION-SUITS

(See Figure B.) For men who need even warmer underwear. Fleecy and comfortable. Tailored to exact chest width and trunk length—they won't pinch or pull. Ankle-length legs. Long or short sleeves.

The HANES Label assures you quality garments at moderate prices. We are making every effort to keep you supplied. But if you cannot obtain your favorite style of HANES Underwear, remember that much of our production is going to our Armed Forces. P. H. Hanes Knitting Company, Winston-Salem, N. C.

## BISHOP OF MILAN RENOUNCES FASCISM

(International News Service)

LONDON, Nov. 25.—Cardinal Alfred Ildefonso Schuster, archbishop of Milan, has renounced his support of Fascism since the heavy RAF raids have devastated North Italian towns, said a dispatch to Reuters Tuesday from the Italian frontier.

Since RAF bombs rained on Milan, the dispatch said, the archbishop has noticeably avoided contact with Fascist officials.

## DEMOCRAT SUGGESTS PARTIES "COALESCE"

(International News Service)

WASHINGTON, Nov. 25.—The House heard a prominent Democrat, Rep. Eugene Cox of Georgia, on Tuesday, make the first open proposal by a member of the majority for the Republicans and conservative Democrats in the next Congress to coalesce "on matters of principle."

In a speech that won cheers from the membership, Cox called on the

next Congress to "reclaim all the powers that have been filched from it by bureaucrats."

## Sultan's Sons Ride In American Tanks

Young Princes Of Morocco As  
Thrilled As Any American  
Kid At Special  
Privilege

By JOHN W. JARRELL

RABAT, Morocco, Nov. 22.—(Delayed)—The two young sons of the Sultan of Morocco got the thrill of their lives today when they were taken for a ride in American tanks.

The youngsters, Crown Prince Moulay Hassan, 13, and Prince Moulay Abadallah, seven, were as happy as a couple of American kids would be if the same privilege were offered them.

Before getting into the tanks, the little princes donned overalls which are worn by tank men and appeared to enjoy their garb nearly as much as the ride they were given. They were accompanied by the Sultan's private secretary, Ahmed Ben Masoud, who preferred his regular dress to the tank overalls.

The crown prince rode in a tank commanded by Second Lieut. James White, of Verona, N. J., who was recently decorated for bravery in the landing by American troops at Safi. Prince Abadallah was with First Lieut. Geoffrey Dolman, of Ardmore, Pa., and Sergeant Anthony Bellizzi, of New Rochelle, N. Y.

The princes were all smiles when they clambered out of the tanks and let it be known that they had enjoyed the ride immensely.

They were only sorry about one thing . . . that the ride was short.

# Internal Conditions Of Italy Discussed

(Editor's Note: The internal condition of Italy is discussed in the following article by Maj. Paul C. Raborg, noted military analyst and author of 'Mechanized Might'.)

By MAJOR PAUL C. RABORG  
Written Especially for International News Service

NEW YORK, Nov. 25.—Dakar and all of French West Africa has joined the United Nations, and all French western hemisphere possessions are now on the side of the democracies against the Axis.

These tremendous and far-reaching victories are only the commencement of others, which will follow as fast as the peoples of overrun Europe may be given the same assurances by the United Nations. And these physical assurances will be given in the not far distant future. But there is still another great possibility, and that is the separation of Hitler of at least one of his major Axis partners—Italy.

Hitler's main theory of internal strategy—fifth column—has been "separate and destroy". His external strategy has been the same—"divide and annihilate". His favorite tactics have been—"the pincer attack". Now the Fuehrer is receiving a dose of his own favorite medicines except that the United Nations separate but do not destroy, and divide but do not annihilate.

We have separated colonial France from the sphere of Hitler's influence. At this time the United Nations have three great pincer attacks in actual operation against the Axis. In the southwest Pacific General MacArthur's drive across

New Guinea is one arm, and the fighting at Guadalcanal is the other, of a pincer movement aimed to bite off a considerable segment of the Japanese pest, and at the same time throw them backwards.

The red armies in Russia, by pincer action, are cutting off the Nazi attackers of Stalingrad and in the central Caucasus. In this case the accomplishment of the northern Soviet counter-attack, Stalingrad, will automatically produce the southern result in the Caucasus.

Great Britain and the United States and units of other free nations are squeezing into their death trap, from the east and west, the remnants of the elite Afrika Korps and Axis forces in Libya and Tunisia.

Italy may be the next great center of activity and interest. It is entirely possible that the United Nations may launch an invasion against that Axis nation, not for the purpose of invading Europe but to separate the Italian nation permanently from the Axis set-up.

In connection with this, two physical conditions should be definitely remembered. Italy is perfectly protected from over water attack by a semi-circle of four islands—Corsica, in the northwest; Sardinia, in the west; Sicily, in the south adjoining the toe of the boot; and the southern portion of Greece to the east. In other words, any attack against Italy could meet tremendous and difficult resistance, that is, without internal help.

Secondly, it should be remembered that as Italy is entirely separated from Europe proper by the Alps, these mountains, and particularly the Brenner Pass, if properly defended could make an invasion of Europe by this route impossible.

## Named to New Post

Secretary of War Stimson has announced the appointment of Maj. Gen. Henry J. F. Miller (above) as commander of the Air Service Command of the army air forces in the European theatre of war. He will serve under Maj. Gen. Carl Spaatz in Europe.

## Full Admiral Now

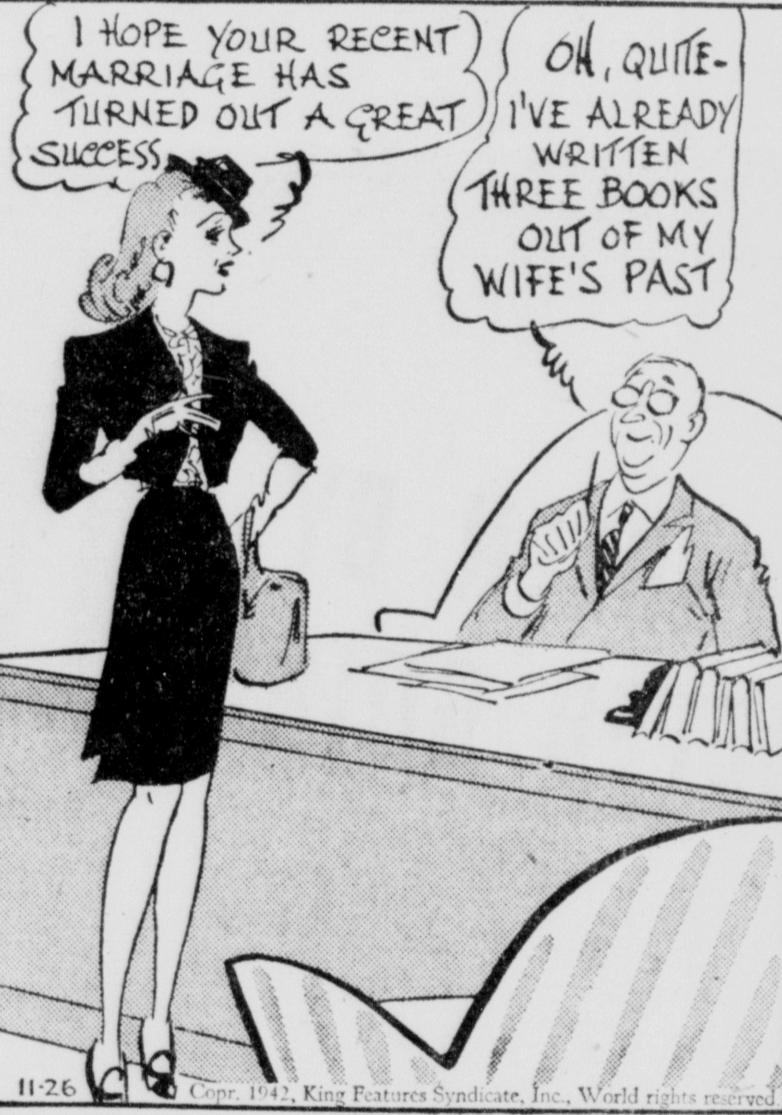

Here's the most recent portrait of Admiral William Halsey who has just been promoted from the rank of vice admiral to full admiral in recognition of the excellent work he did in the victorious naval battles in the Solomons. He is the fifth full admiral of the U. S. Fleet on active duty. This is an official U. S. Navy photo.

They really seem United Nations. They criticize and compete almost like our United States.

## Talking Books Cheer Blind In Colorado

(International News Service)  
PUEBLO, Colo.—"Talking Books" are the newest thing to aid morale at the blind wing of the Colorado State Hospital at Pueblo.

Twice a week the blind patients gather in the large dayroom to hear records of the world's most famous literature. Entire books are reproduced, and played slowly so that eager listeners can follow closely. For example, Charles Dickens' "Oliver Twist" is in an album of 31 records, while the popular "Metropolitan of the Movies" comes in a 22 record set.

So far, the most called for books have been "Snow White," "Winter in Taos," and "Uncle Remus."

The "talking books" are furnished by the United States Library of Congress and distributed by the Denver Public Library for the Rocky Mountain region.

## Coffee For Breakfast? O. K., Grow Your Own

(International News Service)  
URBANA, O.—John Guy has a solution to the problem of no coffee for breakfast—simply raise your own.

Already this fall, Guy has harvested a heap of healthy filled coffee pods from two 185-foot rows. He tried a few plants last summer and results were so satisfactory he planted nearly all the beans he raised in 1941.

Each plant, most of which yield nearly 50 pods containing from six to eight beans apiece, bore well this summer, Guy reported. The beans are tasteless until roasted but this is a simple matter, according to Guy.

Next year, Guy says he is going to double his planting.

What we want is a League of Nations that will use force to preserve peace but not try to use any force on us.

## Locals To Battle Aliquippa Eleven Thanksgiving Day

Over 8,000 Expected To Witness Contest On Ambridge High's New Field; Kickoff Ceremony At 2 O'Clock; 'Canes Are Not In Top Shape; Offensive Burden Falls On Lee Due To Injuries Suffered By Currie; Undefeated, Untied Quips Rate Slight Pre-Game Edge.

Western Pennsylvania's football jackpot, a glittering silver cup emblematic of Class AA WPIAL supremacy, soon will grace the trophy case of either New Castle or Aliquippa high.

The gridiron sons of the neighboring schools will compete for the coveted prize Thanksgiving afternoon on Ambridge high's new field.

A capacity gallery of more than 8,000 persons is expected for the 2 o'clock kickoff ceremony.

With the exception of a light rehearsal this afternoon, the schoolboys have completed more than a week of intensive practices.

Mentally and physically, the squads are as keen as the edge of a razor for the biggest contest for both aggregations.

As he proudly watched his proteges loosen up, Coach Bridenbaugh today bemoaned the fact that Tony Razzano, Russ Currie and Tom Sanfilippo, varsity hands, and Carl Deegan of the second team are not in shape.

Sanfilippo, ailing with a "charley horse," will be replaced by Henry Clark. Deegan, hurt in a recent drill, has been pushed to sideline. Razzano and Currie probably will start.

The 'Canes cannot hope to function at top speed due to the condition of the trio.

### Burden On Lee

As a result, Bob "General" Lee, the slick left halfback, will shoulder most of the offensive burden, ably

#### vak. The backs are big, powerful and blessed with toothball sense.

The line, bigger than New Castle's, has won the acclaim of the district. The wall boasts of weight and savvy.

#### Use Double Wing

The Aschman-coached eleven uses a double wing. From this formation, the Quips reel off a tricky offense, loaded mostly with double reverses and a lot of fake reverses, with Odilivak spinning through instead of handing the egg to one of his mates.

Defensively, Aliquippa is centering its efforts on one athlete—Bob Lee. The Quips reportedly have concocted a trap which they'll spring on the colored ace.

In view of Aliquippa's perfect slate injuries suffered by New Castle, the valley team must be given a pre-game edge.

From a spectator's standpoint, the game should be a classic with both teams "shooting the works". The coaches have prepared a lot of fancy stuff which will be unfurled during the 48-minute tussle.

Faculty Manager Ralph Gardner today said that the New Castle party, which will travel in privately owned cars, will leave for the battle-front from the Y. M. C. A. tomorrow morning at 11:15 o'clock.

New Castle's band will appear in between halves, provided the bandmen succeed in securing transportation.

#### Motor Club Secretary-Manager Reminds Fans About 35-Mile Victory Speed

Bernard N. Hanlon, secretary and manager of the New Castle Motor club, today outlined what he believes is the best route to Ambridge, scene of tomorrow's New Castle-Aliquippa title game.

Hanlon suggests that fans follow Route 88 all the way into Ambridge.

The route number is posted on the corner of East Washington street and Butler avenue and leads to Ellwood City, New Brighton, Rochester, Freedom, Conway, Baden and Ambridge.

Hanlon reminded fans to adhere to the 35-mile victory speed, especially in Conway, Baden and Ambridge.

### Penn's Wingback, Jack Welsh, Out

(International News Service)

PHILADELPHIA, Nov. 25.—Penn's chances of defeating its ancient rival, Cornell, on Thanksgiving Day got a setback with the announcement that Wingback Jack Welsh would be unable to play.

Welsh, a 150-pounder, dislocated his shoulder in practice, a recurring ailment that has marred his grid career.

Defensively, Aliquippa is centering its efforts on one athlete—Bob Lee.

### Bridy's Reply: "Not Talking"

Informed that district coaches—19 of 'em—have installed his team as a favorite to cop tomorrow's Class AA WPIAL title game at Ambridge, Coach Phil H. Bridenbaugh wouldn't talk.

Awakened by an early phone call, this "a.m." the popular mentor yawned before uttering a word.

"Which team do I think is going to win the game tomorrow? Which game? Will I make a pre-game statement? Say, what's this all about, a game?"

"Oh, the game at Ambridge. I'm not talking. We're going to Ambridge to play football. I never predict the outcome of a game," the localite replied.

A poll conducted yesterday in Pittsburgh showed that 13 out of 19 western Pennsylvania coaches are stringing with the Bridenbaughmen.

Master of the troupe is Odilivak, a bruising fullback noted for smashing through opposing lines like a snowplow. The co-captain has been mainly responsible for the illustrations to the letter.

Chief, here's another call about that miscue. . . . The Detroit Lions traveled to Cleveland on a lake steamer recently. The pros used the boat as a hotel. That's what the war has done. Oh, another call. . . . I'd better duck out. So long!

L. S. U.-Tulane: The Green Wave should win a close one.

Tulsa-Arkansas: The Golden Hurricane swirls through to another triumph and a perfect year.

Texas-Texas A. & M.: Anything can happen in this league this year but we have to string with Texas which will win the Southwest Conference crown.

In other games, Missouri can do as it pleases with Kansas university; William & Mary shapes up as an easy winner over Richmond, and Utah over Idaho.

(International News Service)

PITTSBURGH, Nov. 25.—A movement was reported underway to have the Pitt Panthers tangle with their cross-town rivals, the Duquesne Dukes, in a post-season football game, with the proceeds going to some worthy war cause or charity.

The proposal, however, hit a snag at the outset, it was understood, when Pitt athletic officials frowned on the contest. Said Jimmy Hagan, Pitt athletic director:

"Our season is over and I doubt if the faculty committee on athletics would sanction such a game. We cancelled a game with Penn State that had been arranged for army relief, and I doubt if another game would win approval of the athletic committee."

At Duquesne, Head Coach Buff Donelli said:

"If I were asked to do something for a worthy cause I think I would find it rather difficult to refuse. Of course, the boys themselves would have to make a decision on such a proposal."

**Braves' Part Owner  
Lines Up Doughboys**

SOMEWHERE IN AUSTRALIA, Nov. 25.—Major Richard J. Hevessy, of Boston, Mass., part owner of the Boston Braves, thought he had said goodbye to baseball for the duration when he sailed for Australia as an automobile expert.

But he didn't bargain with the vagaries of war. He has just been appointed a special services officer; one of his jobs is to see that the doughboys in his base section are supplied with baseball equipment.

Hevessy closely followed the fortunes of his Braves from Australia; news of their doing was cabled to him twice a week.

And he hasn't neglected the interests of his club. He has several doughboys lined up for the Braves—if the war ends soon.

PHILADELPHIA, Nov. 25.—Belief that all outdoor night baseball, boxing and football in the industrial metropolitan Philadelphia area will be halted by the forthcoming dim-out regulations was generally predicted in sports circles today.

Speaking for the Philadelphia A's and Phils respectively, Manager Connie Mack and President Gerry Nugent declared they would be happy to cooperate with the army. Mack said, however, that loss of night ball would be a hard financial blow.

Fate of the Inter-State Baseball league, which scheduled all 1943 games under the arcs with exception of Sundays, was uncertain. The league has teams in Trenton, N. J., Wilmington, Del., Hagerstown, Md., and Lancaster, Allentown and Harrisburg, Pa.

(International News Service)

The Washington Redskins, by defeating the Brooklyn Dodgers, 23 to 3, had the doubtful privilege today of meeting the champion Chicago Bears for the national professional football title December 13.

In their last championship game with the mighty Bears in 1940, the Redskins limped into the field on the short end of a humiliating 73 to 0 score.

Outplayed by the Dodgers in the first half, the Redskins came from behind to clinch the league's eastern division title at Washington yesterday in a game marked by a fist fight for which Perry Schwartz of Brooklyn and Bob Masterson of the home team were ejected from the field. Players and coaches from both teams and spectators swarmed over the field, and officials required six minutes to restore order in the third period melee.

Sometimes he is fast, sometimes he seems slow, but out of all this comes the deception that enables him to be in the clear when needed and also enables a teammate to get loose while the opposition is watching Hutton.

**Man Of Week**

**HERE AND THERE  
IN SPORTS LAND**

(International News Service)

Leo (The Lip) Durocher is the man of the week in sports—but he'll be altogether different as manager of the Brooklyn Dodgers of 1943 from the way things shaped up in Brooklyn!

After several hours of debate with President Branch Rickey of the Dodgers, the Lip was named manager Thursday at a salary of \$25,000 and with a contract for one year which contained a ten day release clause.

The appointment of Leo came as somewhat of a surprise for not only was his draft status in question but there had been rumors of a complete new deal in Flatbush because of the somewhat wild reputation the Dodgers had acquired as poker players and ruffians.

Durocher did not even go to the draft board when he arrived here Monday and after conferring with Rickey Thursday and early Thursday was announced as manager.

**Far Less Gambling**

Concident with his appointment was an announcement that Charlie (Chuck) Dresser has been fired as coach and that only John (Red) Corriden would remain in that capacity. A new coach will be hired by Durocher.

The Lip said there would be far less gambling. Card games would be limited to 5, 10 and fifteen cent stakes and the Dodgers would be a more orderly ball club in '43, which will be his fifth year as manager in Flatbush.

Durocher has no plans for enlisting in the service, has not been reclassified from 3A to 1A and will start the season under the assumption that he will go right through it till world series.

Oh, yes. He has definite plans for the Dodgers taking part in said series.

**IN SPORT NEWS**

**HAS ENDURANCE**

GREAT LAKES, Ill.—Rudy Murchison, quarterback on the Great Lakes Naval Training Station football team, played approximately 50 minutes in each of the sailors' first five games against Michigan, Iowa, Pittsburgh, Wisconsin and Michigan State.

The giant Chicagoan, who is 6 feet 2 inches tall, and weighs 225 pounds, was an All-American center at the University of Washington.

He started at that position in the East-West game on January 1, 1941 and in the Chicago All-Star game in the summer of that year. When he joined the Cleveland Rams of the National Football League last fall he became a blocking back.

**WISE "HANK"**

BLOOMFIELD, N. J.—Hank Borow, the New York Yankee freshman pitching star, knew what to do with his World Series check. He turned in into war bonds the same day he received it.

**AGE MEANS NOTHING**

Jim Tatum, football coach at North Carolina, is one of the youngest in the game. He is only 28. But he had three years experience under Carl Snavely at Cornell.

**SON IS NAMED**

ELLWOOD CITY, Nov. 25.—All members of the Municipal Authority recently appointed and members of the Ellwood Council met last night at the city building where the procedure of the group was organized. The Authority will serve as a board of directors if and when the Ellwood Water company is purchased. The Authority cannot be organized until a charter is secured.

**BREWERS GET HARTNESS**

Ed Hartness, who hit .325 for Macon in the Sally League, has been purchased by Milwaukee. He is a first baseman.

## STOCKS

## Stock Market List Is Mixed

## Movements In Market Today Generally Narrow—Trading Light

NEW YORK, Nov. 25.—The stock market met support in spots today after suffering a further recession at the opening.

At best, however, the list was mixed. A few issues showed wide changes, but movements generally were narrow. Trading continued light.

In steels Bethlehem dropped 1% points to 53½ before meeting support, while Crucible lost almost as much. U. S. Steel and Youngstown Sheet & Tube gave up fractions.

Proctor & Gamble was another to lose a point at its low. There were several features on the upside. J. I. Case ran up 2 points to 70½, while Eastman Kodak and Coca Cola each gained about a point to new highs for the year.

Allied Chemical and Santa Fe were others to rise a point or more. Elsewhere fractional gains and losses were about evenly divided.

Commodities quiet down but maintained a firm undertone. Grains advanced fractions and cotton moved up a few points. Bonds were quiet and narrow, except for strength in Mexican obligations.

# 'Mailing As Usual' Out As Christmas Jams Loom

New Castle post office, like every post office in the nation, soon will undertake its most gigantic task in history—the movement of a deluge of Christmas parcels, cards and letters, while maintaining the regular flow of thousands of pieces of mail daily to and from our armed forces all over the world.

That's not even all—the regular business and private mailings, which are most important, must continue to move with accuracy and dispatch.

But New Castle post office is preparing to handle what it knows will be its heaviest holiday volume ever.

If thousands of soldiers, sailors, marines and civilian friends are not to be disappointed at Christmas time, the public must co-operate by mailing earlier than ever before, and by addressing letters and packages properly. The best efforts of the post office department alone cannot be enough, in view of wartime difficulties faced by the postal system. The public must assist.

## Mail Cars Not Available

Because of the unprecedented demand on transportation facilities in all forms, ranging from push carts to airplanes, resulting from the national emergency, it is essential and necessary that the Christmas mailing be started as early as December 1. This applies to the mailing of greeting cards as well as gifts.

In order to handle the unusual quantity of mail during a normal holiday period, it requires nearly 22,000 cars for rail transportation alone (enough for a train 270 miles long) and 12,500 trucks, many of which were borrowed from the army and other government bureaus, while the balance were hired from private owners. Neither railroad cars nor trucks are available this year in number sufficient to meet extra service even in a minor way. Thus it is imperative that a MAIL EARLIER THAN USUAL campaign be stressed. If gifts and greeting cards are not to fail in bringing delight of Yuletide.

This service is sure of the co-operation of the public if the information is made available, so final mailing dates for distant points within the United States are stated below for your guidance and for the information of mailers. Items

## Victory Girls

### Further Efforts

Realize Neat Sum From Candy Sale To Continue War Assistance Work

Announcement was made today by Mrs. L. C. Mantz, supervisor of the New Castle Victory Girls, that the sum of \$45 was cleared by them in the candy sale they conducted last Saturday in one of the local theaters, which will be used by them in projects devoted to the winning of the war.

In addition, they had candy left over after the sale, and a large amount was placed in substantial boxes and sent to men in the service. Candy which had been offered for sale in bags, which was left over was sent to the Margaret Henry Home.

The girls have not yet decided to what use they will put the money, but assure the public that it will be given to a worthy cause.

Cheer only when ships are sunk. When they "retire," they are going after more ammunition.

WHY THOUSANDS OF DOCTORS ORDERED

Pertussin for Bad Coughs (DUE TO COLDS)

Pertussin must be good when thousands upon thousands of Doctors have prescribed it for so many years. Pertussin acts at once to relieve your coughing, it loosens and makes phlegm easier to raise. Safe and effective for both old and young. Inexpensive!

LEHIGHTON, Pa., Nov. 25.—"Beavers at work, drive slowly."

That was the sign which non-plussed drivers crossing a swampy stream bridge on state route 903, the East Mauch Chunk-Lake Harmony highway, in the Poconos, today.

Highway engineers explained that their furry competitors had twice built dams under the bridge which threatened to make the water sweep over instead of under the structure. These dams were twice destroyed.

The third time the beavers built their dam about 20 feet from the bridge and the highway men decided to call it a truce—for the time being, at least.

THE CHURCH FAILED

If the church could not right

the matter because the brother

If the brother would not listen,

two or three friends should be

had tried to make things right with

the brother who had wronged him

and these others should help him

If, however, the brother still re-
